

Dear Friends & Neighbors:

Thank you for the honor of representing you in the Georgia State House. For the past eight years, your support has been a blessing as I have served you in the Legislature.

Like many of our neighbors, my own family business was devastated by the economic collapse of the financial and housing industry. Albert's Art & Mirrors sold wholesale artwork to interior designers and furniture stores. When the builders stopped building new homes, many of our customers went out of business. This, in turn, led to the closing of the business my husband started nineteen years ago.

The closing of any business results in inventory discounts, business lawsuits and tax disputes. My opponent finds these problems amusing and she seeks to exploit my personal and financial issues for her own political gain. I think it is sad that my opponent wants to use this against me to further her political career.

When she attacks me for the loss of my savings and business, she is also attacking every single citizen who is suffering from the national economic downturn. Meanwhile the rest of us are taking this opportunity to scale down and appreciate the simpler things in life.

The voters of our district deserve to know the truth about my personal life and the challenges I face while liquidating the family business. I have authorized my campaign to tell the story so YOU can evaluate the facts for yourself.

Thank you so much for your support!

Jill

Jill Chambers...Trust is the Issue

Dear friends and neighbors:

Do you know what Chris Huttman is trying to convince you of this time?

Chris "Hardcore" Huttman claims that I voted to increase property taxes on DeKalb homeowners. Nothing could be further from the truth.

Huttman is so desperate to hold public office he will tell you whatever whopper he thinks you will believe!

"Hardcore" Huttman is attacking me for what the Governor has asked the Legislature to do next year! The Georgia House of Representatives is not elected to obey the Governor and we will stand up to his proposal to eliminate the state homeowners tax credit.

Chris "Hardcore" Huttman is so wacky, he thinks he can predict my vote on legislation that has not even been written in a legislative session that won't begin until next year!

The truth is on the other side of this flyer, documented, as to why his wild accusations are completely untrue. Please call me at 678-318-1382 if you have any questions and I will be happy to talk to you regarding this issue, or any other.

Thank you for the honor of representing you,

Jill

Trust is the Issue

Dear Friends and Neighbors:

I have recently received much criticism from my opponent, and I feel compelled to respond.

After enduring weeks of vicious attacks from my opponent, my family and I could no longer allow his negative campaigning to continue. I have answered dozens of phone calls and e-mails from angry voters regarding the lies and distortions his campaign has put out about me. He has even attacked me and lied about me in press releases to the Atlanta Newspapers.

My opponent has attacked me personally and has called me a litany of names.

My opponent has called my legislation "simple minded" and I find that hurtful and offensive. He is desperate, and I believe a little unstable.

All of his accusations are false. I hope that you carefully read the outline I have provided, documenting his personal history of questionable behavior.

Sincerely,

Jill
